

EXHIBIT B

Survey for all Town Council Members:

In order to identify the major and/or individual stakeholders and individuals in each Councilmanic district, please identify the individuals and organizations in your local community that fit into the following categories:

1. Educational resources: Schools in your district; what challenges face the schools in your district? Need names and contact information for the districts, parents associations and other education groups.

---

---

---

---

---

---

2. Community groups: Community- based organizations, including faith centers, parent groups and other non-profits that have a focus on youth (particularly middle- and high school aged youth). Need names and contact information.

---

---

---

---

---

---

3. Employment organizations: What are the public and private organizations that can assist young people from all walks of life? Need names and contact information. -----

---

---

---

---

---

---

4. Government agencies: What government organizations do you refer your constituents to that are focused on promoting opportunities for youth? Names and contact info?

---

---

---

---

---

---

5. Business associations: What business associations promote and support economic success for all youth in your community, including chambers of commerce and trade associations? Names and contact info?

---

---

---

---

---

6. Local and state government: What agencies and resources are committed to the success of young people, including law enforcement and Child and Family services? Names and contact info?

---

---

---

---

---

7. Skill building organizations: What organizations in your district offer exposure and skill-building opportunities, including educational and career fairs/events, non-profit training/skills programs, certification programs, or continuing education centers?

---

---

---

---

---

8. Employers: What are the major employers in your district? What skills do they need in their employees, and how do you equip young people with these experiences and skills? Do these employers have existing mentorship, internship or development programs or the capability to create these programs? Do these employers host visits or field trips from local schools or youth organizations? What other job opportunities might exist and what would be the best way to access them? What would be the best way to get small business owners to get engaged in this type of effort (chamber of commerce, etc?)

---

---

---

---

---

9. Who in your community has the ability and influence to improve educational and economic outcomes for all youth regardless of who they are, where they come from, or

the circumstances into which they are born? (If there are many – which would be the 3-5 “top” ones?)
